Artcare will help you grow your business

With Artcare mountboard we offer professional marketing support materials free for your frameshop.

Dr Tim Denison of retail research company SPSL which measures actual footfall to retailers rather than cash sales recently said: 'the luck's gone out of retailing'. "Retailers simply cannot afford to rely on the whims of the passer-by or that, with a little 'luck,' they'll be able to trade through the slowing demand conditions," says Dr Denison. "They must develop initiatives proactively to drive customers into their stores and capitalise on the footfall they get once they've achieved that, converting browsers into buyers and up-selling whenever they can. Just what the unique benefits of Artcare mounboard will deliver for your business!

All Artcare boards and Artcare Speciality Design Surface boards are available on our single pick service to maximise productivity and efficiency in your business. (A 30 pence per board charge is made for single picked boards.)
