

gallery

Gallery frames provide a stunning format for displaying photographs, art cards and other card-size images and photographic enlargements (8" x 10"/20.3 x 25.4cm). A deep aluminium frame around a thick white museum mount with a deep bevel all emphasize the image. The window sizes correspond to the popular photo sizes. A gallery-style look is achieved by using several Gallery Readymades together on a wall.

frame size cm	image aperture cm	aperture format	matt black frame	frosted silver frame
30 x 30	16 x 16	Square	R563321	N/A
