

Nielsen Bainbridge

Adding value to framing

Nielsen Bainbridge products help professionals in the framing industry to offer an exclusive design statement. Our own creative team, combined with enhanced quality manufacturing and exceptional styling, creates the essential value-added opportunity for today's framer.

The best raw materials in expert hands

It's the Nielsen Bainbridge design and production teams that ensure the highest quality standards and materials in our manufacturing plants and with our external partners. The vast range of sizes, colours, shapes and surfaces offers you countless framing opportunities.
